

## SENIOR PORTRAIT PRICE LIST

Starting with the Class of 2017, I no longer offer traditional session fees and print packages. Instead, you will be paying for your session only, which includes a USB drive filled with edited digital images. Since you will own the reproduction rights to all of your finished images, it will allow you greater flexibility in printing and sharing, as opposed to choosing just a few for the same price that you would have paid in the past (on top of the session fee you were also paying). You can use your imagination – graduation announcements, books, posters, collages, canvases, etc. You can print at home, at a corner drugstore, or at base prices through my professional lab provided on your website link (*highly recommended*). As a result, your overall cost will be lower than in the past.

### ALL FEES ARE DUE AT TIME OF SESSION

#### DELIVERY OF IMAGES

Your edited digital images will be available for viewing and download within 7-10 days. You will receive your USB drive within 10-14 days. Your USB drive will have instructions for downloading (including your password) and a document giving you full ownership rights for your images. You will not need a password to order prints from my website.

#### **Option One - \$275**

60 minute maximum photo session  
Yearbook photo with grey background for you to submit to your yearbook adviser  
Unlimited outfit changes  
One outdoor location  
USB drive containing 20 edited digital images (color only)
